C++ Edinburgh is back

Hurrah!

Meeting C++ - http://www.meetingcpp.com/

C++ Edinburgh is back

Compared to 2011

Meeting C++ - http://www.meetingcpp.com/

Part of something big

Hurrah again!

- 5.8 C++ UG Saint Louis - "Fun with Lambdas" Lightning Talk\, Interview Questions and more
- 5.8 C++ UG Austin - Introduction to the QT Framework using C++ and QML
- 6.8 C++ UG Edinburgh - C++ Edinburgh
- 10.8 C++ UG Denver - Denver Tech Center C++ Developers
- 12.8 C++ UG Utah - Regular Monthly Meeting
- 12.8 C++ UG San Francisco/ Bay area - Presentation and Q&A
- 12.8 C++ UG Washington, DC - Q & A / Info Sharing
- 17.8 C++ UG Austin - North Austin Monthly C/C++ Pub Social
- 17.8 C++ UG Juce - Deploy Pure Data patches to any OS with JUCE
- 18.8 C++ UG Berlin - TBA
- 19.8 C++ UG Düsseldorf - Treffen der C++ User Gruppe NRW
- 19.8 C++ UG Hamburg - constexpr
- 20.8 C++ UG Ruhrgebiet - August Meetup - std::advance(CodingStandard, Modern::c++)
- 24.8 C++ UG Göteborg - Let's meetup and discuss the format for this group
- 25.8 C++ UG Chicago - Using NuGet to manage external dependencies in Visual C++ builds
- 26.8 C++ UG San Francisco/ Bay area - Workshop and Discussion Group
- 26.8 C++ UG Washington, DC - Q & A / Info Sharing
- 26.8 C++ UG Aarhus - Access Guards
- 27.8 C++ UG Munich - Pruning Error Messages From Your C++ Template Code

Meeting C++ - http://www.meetingcpp.com/

The long-term plan

I've figured some things out.

Every 3 months.

So that means, approximately:

- August
- November
- February
- May

But we need speakers!

That's where you come in.

http://goo.gl/forms/bhS0M2mtGN

Keep up-to-date

with C++ Edinburgh happenings.

Concepts TS was voted out

which means it was voted *in*.

ISO/IEC JTC1 SC22 WG21 N **4377**

Date: 2015-02-09

ISO/IEC PDTS 19217

ISO/IEC JTC1 SC22

Secretariat: ANSI

Programming Languages — C++ Extensions for Concepts

Langages de programmation — Extensions C++ pour les concepts

CppCon 2015 program is available

and registration is open.

CppCon - http://cppcon.org/

CLion 1.0 released

a very cool new IDE from JetBrains.

CLion - http://www.jetbrains.com/clion/

CppCast going strong

Lots of great interviews with C++ developers.

CppCast - http://cppcast.com/

Modern C++ now on GitHub

Probably the most confusing project name.

Modern is a Standard C++ language projection for the Windows Runtime.

https://github.com/kennykerr/modern

Android Studio now has NDK support

at least in the canary build.

C++ Samples

Tooting my own horn...
